

KLOVE radio ministry has been serving our family for nearly 8 years. We have supported them and been so encouraged by them. Over any other radio station we listen to KLOVE 90% of the time. To propose other stations taking priority over KLOVE would be absolutely devastating to our country and our children. I am a mother of 2 and to have KLOVE as a CONSTANT option for our family is more valuable than I can write in words. Other stations have offensive and/or vulgar comments, commercials and music lyrics. Please DO NOT FORCE KLOVE off the air - they are needed as a stable option. Thank you.
